About This Content

Kholat Aftermath is a comic book continuation of a video game based on the motives of real events known as Dyatlov Pass Incident and created by IMG.N.PRO in 2015.

Kholat: Aftermath presents four seemingly unrelated stories:

- a secret interrogation referring to a hidden note from the game
- a letter from Vitaliy Grazeniuk (main character of the game) to his fiancée
- an appeal for help from a person being a prisoner of a something called "section 22"
- and the beginning of an investigation conducted by two Moscow militiamen

How the fates of the heroes will go?

Could all the events be a product of the sick imagination of Grazeniuk? Is he murderer or a victim?

Or maybe someone is trying to hide the facts that experiments in section 22 got out of control?

And who is the mysterious Anton?

Title: Kholat Aftermath Part 1 - Comic Book
Genre: Adventure, Indie
Developer:
IMGN.PRO
Release Date: 15 Dec, 2017

b4d347fde0

Minimum:

OS: Windows 7, Windows 8, Windows 10

This is a good DLC! It takes about ten minutes to read through it.

I will do some pros and cons for the DLC

PROS

- Great artwork
- Sheds light on the story of what happened in the game concerning Section 22
- Develops a new part of story about how two detectives are trying to find out who killed Vitalij's wife and her sister
- Gives more clues on who is Anton

CONS

- Kinda short comic
- It's not an interactive comic
- You have to go to the folder where your game is installed and there you can find it and read it

I recommend this DLC. 7/10 would read it again!. Whoa. The devs sure had a gall releasing this as a separate DLC, much less one that costs so much for so very little.

I was tempted to give this a pass - 'cause that's what the comic itself deserves, if only *just - but the price, even on sale, is beyond a joke. For free, it would only barely be worth your time. It's definitely not worth so much as a skerrick of your money. (Spoiler: it takes less than ten minutes to read, and more-or-less "nothing" happens. Some nice artwork here and there, though.)*

Verdict: 4.5/10.
